General

Skratch Enterprises Limited is committed to leading the industry in minimising the impact of its activities on the environment, preventing pollution, and adapting to a low carbon future.

Our Policy

Skratch Enterprises Limited will ensure diligence in protecting the environment by:

- Ensure compliance with all relevant legislation and standards, and the expectations of our customers
- Minimise waste by evaluating operations and ensuring they are as efficient as possible, re-using and re-cycling
- Minimise polluting emissions through operation of a modern, well maintained fleet with emissions reduction technology.
- Minimise printing of unnecessary paperwork, operating a digital business.
- Actively promote recycling of waste materials including the responsible disposal of damaged and faulty electrical equipment via registered WEEE recycling centres.
- Identify and provide relevant training internally, encourage new ideas and processes that work towards a more sustainable future.
- Source and promote a product range to minimise the environmental impact of both production and distribution.
- Meet or exceed all the environmental legislation that relates to the Company with periodic audits of our processes ensuring a culture of continuous improvement.
